"Chora" rough cut - the video edited by the Hostos Design Lab group after a week at Arts, Letters and Numbers in Averill Park, NY. Including personal projects from each member, footage taken during the week, clips of the rehearsals of the ALN group, sounds found and performed from lectures, work, nature and ourselves.
DESIGN CHALLENGE
Three art students from the Bronx won an opportunity to display their designs outside a Manhattan church Monday.

Late last year, stones began falling from the Incarnation's nearly 150-year-old spire.

When renovations began, the Rev. Dough Ousley decided he wanted to make the best of the situation. His church is home to a design competition.
